

Traveling through the Big Horn Basin south of Worland, WY you will no doubt notice the barn quilts on the property of Phil and Rhonda Schmeltzer at [2190 South Flat Road, Worland, WY](#). Phil and Rhonda live on land homesteaded by Phil's great grandfather Bernard Neiber and his wife Mary. As with many couples from that era Bernard homesteaded the land and Mary joined him as a mail order bride. They worked the land and raised their family where many of their descendants still live today.

Rhonda is an accomplished quilter and works from her studio at the couple's home. She draws her inspiration from the breathtaking view of the Big Horn Mountains she enjoys daily from her studio windows.
